HEALTH & SAFETY - ENVIRONMENTAL POLICY

We, at Nestor Hotel are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and our guests and shall minimize our potential impact on the environment.

Therefore we operate in compliance with all relevant environmental as well as occupational safety and health legislation and we use the best practices in all we do.

Our aim is to:

- Take into consideration any environmental concerns and impacts during decision making and throughout our operation.
- Follow the three R's rule: REDUCE, REUSE, RECYCLE
- Reduce our energy costs and water use within our premises in order to conserve supplies and protect the natural resources.
- As far as is possible, purchase products and services that do the least damage to the environment.
- Train our employees and continuously communicate to them all environmental issues that may be affected by their work as well as all health and safety issues associated to their work.
- Promote environmental and safety & health awareness among our employees and encourage them to work in an environmentally responsible manner as well as in a manner to help maintain and improve a safe and healthy work environment
- Communicate our environmental and occupational safety and health commitment to clients, customers and the public and encourage them to support it
- When required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency programmes.
